On July 13th the team traveled to Wilmington, Illinois for the annual Fish Fry Green Lightning Tournament, hosted by Waters Edge. The event was a brake style competition based on the improvement of an individual's average score for each event.

Alumni and current team members alike joined in on what would be a fun weekend with friends, new and old, as well as countless personal bests. The event was capped off by a delicious fish fry dinner Saturday night. The event saw Kayla Patnode crush to the elite 8 in slalom, Jean Klochko-Bull elite 8 in both trick and jump, and alumni Liam Clink elite 8 in jump! The tournament has set the tone for a successful fall season!
